### VALIDITY CONDITIONS

This service supplier is certified according to the 'RINA Rules for the Certification of Service Suppliers' to carry out maintenance, thorough examination, operational testing, overhaul and repair of lifeboats and rescue boats, launching appliances and release gear in accordance with SOLAS Regulation III/20 for the list of makes and models/series of equipment in the attached Annex N.

Note 1: For the purpose of application of IMO Resolution MSC.402(96), including Corr.1, the service supplier is to be authorized by the Flag Administration under which the ship is registered.

For Flag Administrations which have authorized RINA as their Recognized Organization and accept RINA 'Certificate of Approval of Service Supplier' as equivalent to their authorization document to the Service Provider, according to the IMO Resolution MSC.402(96), including Corr.1, this Certificate may be accepted also for statutory purpose, in lieu of the Flag's authorization document to the Service Provider, allowing the firm to provide their services on the makes and models/series of equipment listed in the Annex N to this Certificate.

Note 2: This certificate of approval is also issued on behalf of Italian Administration according to the Italian 'Executive Decree n. 321' dated 21st April 2020 and Circular NDS n. 22/2021.

Therefore, this Service Provider is authorized to provide their services on board ships flying Italian flag for the makes and types of equipment defined according to ISO/PAS 23678, listed in the table of Annex N to this Certificate, without prejudice to the particular requirements in the aforementioned Italian official documents.

Note 3: CRALOG is authorized to perform services using also non-exclusive operators qualified by CRALOG, provided that the following conditions are satisfied for each service:

1. The operator holds a valid certificate of competence issued by CRALOG with a QR code including the make and type of equipment for which the service is to be carried out. The updated list of qualified operators can be verified at <https://verify.cralog.com/> via the instruction on the CRALOG website ([www.cralog.com](http://www.cralog.com))
2. An employment order is issued by CRALOG to the qualified operator for each service.
3. This Certificate of Approval of Service Supplier issued to CRALOG by RINA is attached to each service job.
4. The service reports and the statements of fitness for purpose are issued under CRALOG's liability, via their software, each statement shall contain a QRD code for verification of authenticity.

Note 1: For the purpose of application of IMO Resolution MSC.402(96), including Corr.1, the service supplier is to be authorized by the Flag Administration under which the ship is registered.

For Flag Administrations which have authorized RINA as their Recognized Organization and accept RINA 'Certificate of Approval of Service Supplier' as equivalent to their authorization document to the Service Provider, according to the IMO Resolution MSC.402(96), including Corr.1, this Certificate may be accepted also for statutory purpose, in lieu of the Flag's authorization document to the Service Provider, allowing the firm to provide their services on the makes and models/series of equipment listed in the Annex N to this Certificate.

Note 2: This certificate of approval is also issued on behalf of Italian Administration according to the Italian 'Executive Decree n. 321' dated 21<sup>st</sup> April 2020 and Circular NDS n. 22/2021.

Therefore, this Service Provider is authorized to provide their services on board ships flying Italian flag for the makes and types of equipment defined according to ISO/PAS 23678, listed in the table of Annex N to this Certificate, without prejudice to the particular requirements in the aforementioned Italian official documents.

Note 3: CRALOG is authorized to perform services using also non-exclusive operators qualified by CRALOG, provided that the following conditions are satisfied for each service:

1. The operator holds a valid certificate of competence issued by CRALOG with a QR code including the make and type of equipment for which the service is to be carried out. The updated list of qualified operators can be verified at <https://verify.cralog.com/> via the instruction on the CRALOG website ([www.cralog.com](http://www.cralog.com))
2. An employment order is issued by CRALOG to the qualified operator for each service.
3. This Certificate of Approval of Service Supplier issued to CRALOG by RINA is attached to each service job.
4. The service reports and the statements of fitness for purpose are issued under CRALOG's liability, via their software, each statement shall contain a QRD code for verification of authenticity.
