Lloyd's Register Group Limited, its affiliates and subsidiaries and their respective officers, employees or agents are, individually and collectively, referred to in this clause as 'Lloyd's Register'. Lloyd's Register assumes no responsibility and shall not be liable to any person for any loss, damage or expense caused by reliance on the information or advice in this document or howsoever provided, unless that person has signed a contract with the relevant Lloyd's Register entity for the provision of this information or advice and in that case any responsibility or liability is exclusively on the terms and conditions set out in that contract.

Lloyd's Register Approved Service Supplier

Maintenance, thorough Examination, Operational Testing, Overhaul and Repair of Lifeboats and Rescue Boats, Launching Appliances and Release Gear

Service Supplier's personnel are certified in accordance with manufacturers' established certification program. The service supplier is authorized to work on the makes and types shown on the attached Appendix A.

This Service Supplier has been approved to service the equipment in accordance with IMO Resolution MSC.402(96), as amended.

Service engineers are to be provided with a valid Certificate, issued by this Approved Service Supplier, which defines their level of qualification and the scope of the certification (i.e. makes and types of equipment and specifically state which activities (e.g. annual thorough examination and operational tests; 5-year thorough examination, overhaul; overload operational tests; repairs) are covered by the certification). This Certificate should be made available when requested.

The approval does not include Alternative Design & Arrangement for Lifeboats/Tender boats (with more than 150 person), their release mechanism and associated launching appliances, where the following are not available:

- *specialized tools specified in the manufacturer's instructions*
- *access to appropriate parts and accessories as specified for maintenance and repair*
- *availability of the manufacturer's instructions for repair work involving disassembly or adjustment of on-load release mechanisms and davit winches.*

The approval does not apply where a vessel has Alternative Design and Arrangements approval documentation which requires the servicing to be completed by the OEM
