3- List of Subsidiaries / Agents covered by this certificate

-

4- Condition for the validity of the certificate of approval

The certification is valid insofar as the inspection duties are actually assumed by personnel of the Service Supplier who has been assessed by the Society.

The Society reserves the right to invalidate this certificate of approval in case :

- Where the service was improperly carried out or the results were improperly reported.
- Where a Surveyor finds deficiencies in the approval service operating system of the supplier and appropriate corrective action is not taken.
- Where alterations have been made to the Company's Quality System relevant to the service supplier certificates, without written notification to the Society.
- Where the intermediate audit, if requested, has not been carried out.
- Where wilful acts or omissions are ascertained.
- Where any deliberate misrepresentation has been made by the Service Supplier

5- Other conditions

-It is the supplier responsibility to maintain current any manufacture's approval.

-It is the supplier responsibility to present to any stakeholder the exact model of equipment for which any technician is trained/competent for.

-It is the supplier responsibility to appoint only trained/competent technicians for the exact model of equipment that the work is intended for.

6- Endorsement where an intermediate audit has been performed
